The ultimate frisbee activity will be open to all children ages 9 and up.

Mona will once again host their Pioneer Celebration this year with a Friday night supper from 6 to 8 p.m. at the city park.

Frank Riding, council member, has been organizing the festivities for several years and said that the senior appreciation banquet was a great success.

"This year we will be serving barbecue ribs and Lucinda's homemade pies," said Riding.

Allan Kay

## Kay to serve as Mona City Pioneer Day Grand Marshal

Allan Kay will serve as this year's Mona City Pioneer Day Grand Marshal.

At 77 years old, Allan is not the oldest person in Mona, but he has lived his entire life in Mona. Anyone who knows him knows him as the "Mona Cowboy", the greatest bull rider alive. Now, this is a totally self-perceived story as the closest he has come to riding bulls is when he is seen on his 4-wheeler trying to gather the cattle off the mountain or move them back to the mountain.

Allan is one of the biggest story tellers alive with not a whole lot of truth to the story but guaranteed to keep you entertained. He is one of those guys that would give you the shirt off his back and do anything he can to help out.

He is a good husband and father. He was a steel worker until Geneva Steel shut down and then he took over the family farm as a full-time farmer which really is his true love.

His mother was a devoted member of the Utah Daughters of the Pioneers. He has had many callings throughout his lifetime which he has always done to the best of his ability.

## Commissioners consider county-wide smoke free policy

By Rebecca Dopp

Times-News Correspondent

Pam Goodrich, health educator with Central Utah Public Health Department, came before the county commissioners to discuss and present a draft county-wide smoke free policy.

"Mike Seely, [county administrator], asked if I would put together a draft copy," she said.

She had copies of Utah County and Wasatch County's policies regarding this matter for the commissioners to take a look at.

Some of the things the county would need to cover in the policy are where to designate areas that would be smoke free and designate areas where smoking

would be allowed.

She gave an example of an event held in Tooele County where the event promoter did not follow the county's smoke free policy and allowed people to smoke during the event. A boy from Millard County had a severe asthma attack due to second-hand smoke which could have been prevented if the promoter had followed the policy. Because the county had a policy, they would not be held liable for what happened, the promoter would be liable.

"If you have a policy in place, then that covers you," she said.

She was under the impression that the arena at the fairgrounds was a smoke-free zone, but that the rest of the fairgrounds were not. She asked

about Yuba and Little Sahara, but commissioners said both are under the jurisdiction of the state parks. Burraston Ponds is also a state recreational area. Mona Reservoir is under county jurisdiction.

Rick Carlton, commissioner, asked if the policies from Utah County and Wasatch County addressed e-cigarettes. In Utah County's policy, it defines what types of smoking equipment would be prohibited and she thought that would cover e-cigarettes. In the draft policy she presented, she specifically stated what would be included under e-cigarettes.

Chad Winn, commission chairman, said they would take some time to look over the draft and make changes if necessary.
